Student Support Services

Student Support Services is designed to assist students in developing skills essential to college level success. In addition, students receive assistance with planning their transfer to a 4-year college or university, with the ultimate goal of obtaining a bachelor's degree.

to participate, you must:

- meet federal low-income eligibility
- be a first-generation college student (your parents must not have received a bachelor's degree)
- have a documented physical or mental disability
- be highly motivated to graduate and/or transfer to a four-year college or university
- demonstrate an academic need for our services

Program Objectives:

- to provide students with academic advising and counseling
- provide students with effective study habits
- provide cultural enrichment opportunities
- provide motivational workshops
- promoting academic success
- provide peer tutoring
- provide opportunities to visit area colleges and universities

how we can help you...

educational counseling

...address personal problems and concerns which may keep you from reaching your educational goals

financial aid information

...become aware of financial aid options available and provide assistance, if needed, to apply for aid. We will work with you to develop and monitor your financial aid plan.

career planning

...select an appropriate major and assist in accessing resources for identifying your career goals.

tutoring

...improve academic performance through individual tutoring support using peer tutors.

academic development

...develop effective reading, writing, math and study skills with personalized instructional assistance in these areas.

educational access

...access and coordinate resources and support which address specific strategies or accommodations needed due to a disability.

campus visits/transfer planning

...visit college campuses in the area and meet with representatives from four-year programs in order to complete the transfer process.
