The 2009 Summit will serve as the culmination of a year of review, discussion, and insight into the role of “place” relevant to indigenous communities.

Please join us as we continue to explore the concept of “place.”

Research strands involve:

Place as Sacred
Place as Community
Place as Identity
Place as Leadership

The summit will convene at 12 pm on Wednesday, May 6th and conclude at 5 pm on Thursday, May 7th. Haskell Indian Nations University will recognize and honor our 2009 Spring Graduates the following day, May 8th at 10 am.

Accepted presenters are required to register, and the associated fee will be waived.
