

Upward Bound Newsletter September

Hello Upward Bound Participants!

I hope your school year is kicking off to be a great one thus far. I am sending you this newsletter to keep you informed with what's going on in our program. I say our program because you are what makes our program possible. I hope the tradition at your school is as exciting and impressionable as I feel about Haskell and Upward Bound. I can fill the cold weather lurching it's way near and our teams are getting ready to play. I love this time of year! School is a great place to show your pride and spirit towards believing in something.

Believe !

Believe is the word of the month for September. Book defined as; trust, know, feel that the situation or belief is true. Believing is all heart. I **believe** in you!

Update: We are in the process of forming a Student Advisory Board consisting of two students from each grade level that are participants in our Upward Bound program. We will hand pick these leaders to be the voice of the Upward Bound participants. These student leaders will help us develop workshops, field trips, and the Billy Mills Summer Academy. I am very excited to get started and I hope you are ready to rise to the occasion. I hope you take to this earnestly and **believe** that you can lead!

We here at Upward Bound **believe** in you. We **believe** that you are the future for us as Native People. I hope you take this serious and most important I hope you take yourself seriously. I **believe** in you and I know you are going to succeed!

LHS Cross Country team won the Manhattan Invitational Meet on Saturday, September 5th. Roy Wedge placed second. Joe Springer took 6th place and Calvin Morgan was 11th. There were 11 teams involved and Lawrence won with 51 points.

The tutoring schedule is posted on our web site calendar as well. Please let me know when you need tutoring so I can accommodate you and we can be successful. We only have one tutor at the moment but we will be bringing on a few others hopefully by the end of the month. Please contact me and let me know how and when we can help. We are here to serve you , so you need to let us know.

Thanks
